

SPRING DEALS 2019

XS-2

40173 Dual beam effect

The XS-2 are two compact 10W LED moving heads on a T-bar. Both beam-angles is 4° which create two strong and tight beams. Both moving heads have 9 gobos and 7 dichros, a dimmer, a shutter function and a manual focus. All functions can be controlled separately in the most advanced 20 CH DMX personality. The T-bar is equipped with 16 built-in programs and in sound mode the sensitivity can be set from 0 - 100. Both moving heads have a pan tilt reverse functionality and user selectable pan/tilt ranges. All these settings are easy to access with a logic menu structure on a full color display. The base has a 35mm stand adapter which makes it directly mountable on a light stand without using adapters but it is also possible to use as floor unit or mount in a truss with a clamp. The XS-2 is the ideal solution for mobile dj's and will give fantastic lightshow with only one unit. Combine the XS-2 with a Showtec compact lightshow (30268) and your lightshow is complete!

- 2 x 10W Moving beam effect
- Menu with full colour display
- 35mm adapter to mount on light stand
- Very fast movements

Event Spot 1800 Q4

42720

The Eventspot 1800 Q4 is an extremely compact and rugged event lighting fixture with lithium ion battery and wireless DMX functionality (Wireless DMX). Weighing only 5.5Kg, the Eventspot 1800 is ideal for all kinds of events and is a true leader in this class of lighting fixtures. It is equipped with a 40W RGBA LED Engine LED combined with dedicated high class optics ensuring a bright and well defined beam. The projection angle of the fixture can be adjusted and an optional rain cover is available to ensure a higher IP-rating.

- Compact and lightweight
- RGBA colourmixing
- Long battery life (5 hrs full on)
- For (temporary) outdoor use
- Wireless DMX functionality

€399,-

SPRING DEALS

LED Par 64 Aircraft

30743 3° Beam angle

- 18x 3W WW LEDs
- Powercon in- & output
- Double Bracket
- Shooting range 100m

€ **259,-**
£ 239,-

The LED Par 64 Aircraft brings an old school effect back to life with all the advantages of the new technologies. Due to the 3° lenses and powerful 18x 3W LEDs it creates a very narrow warm white beam just like the aircrafts we used to know. Because of LED and DMX technology there is no need for heavy dimmer racks and difficult cabling. Another advantage is that each Aircraft can be programmed separately to create even more dynamic effects. It has a solid housing, a heavy duty double bracket and Powercon in- & output to fulfill all high demanding rental needs.

Star LED

43057

- High power LED-effect
- 3-in-1 RGB colours
- Music Activated
